All Masons are invited to attend divine services at the Episcopal church Fort Pierce, next Sunday, July 3rd, at 11 o'clock a. m. Rev. W. H. Cresson will be the special preacher for the occasion. Any Masons wishing to attend are requested to meet at the Masonic Hall at 10:30 a. m.

Hotel de Carlton, St. Lucie county's hostelry for those who break the laws of the land, is about the loneliest place to be found in the country. Within its brick walls and steel cages there is nothing but emptiness—even the prisoners from Palm Beach county having been moved to the convict camps.

THE TRIBUNE is in receipt of a pineapple from J. Helseth, of Viking, that is a curiosity. One side of the apple is perfectly green, while the other is highly colored—this applies not only to the crown but slips around the crown. The line between the two colors is sharp, dividing the eyes from top to bottom.

It is the purpose of the Fort Pierce Land and Improvement company to inaugurate some extensive development on their holdings west of town.

The farewell reception tendered Rev. Harry W. McCombs, at the residence of Mayor and Mrs. R. Whyte, Tuesday evening, by the ladies' society of the Presbyterian church, was a most enjoyable social affair for Presbyterians and their friends. The attendance of about forty were highly entertained with a musical program until 10 o'clock when refreshments of cake and sherbet were served. Mr. McCombs expects to spend Sunday in Miami, and will leave next week for Erie, Pa., for a three-month vacation.

Rev. Neil McQuarrie and wife left yesterday for their summer outing. Mr. McQuarrie goes first to Atlanta, then St. Louis, Chicago and various other cities enroute in the interests of the Home Missionary society. Mrs. McQuarrie goes to Berwick, Nova Scotia to visit her parents. She is accompanied by her granddaughter little Miss Elizabeth Roberts.

A meeting was held in the Epworth League room Monday night, called by Rev. Neil McQuarrie for the purpose of considering the holding of an annual Bible conference in Stuart and the incidental advertising of this place. It is proposed to form an organization, to advertise the beauties and attractions of Stuart as a winter resort and invite people from all the states to enjoy a two weeks conference and outing. The Bible study is to be conducted by well known Bible scholars, possibly one of Moody's sons. It was also proposed that small tents be provided for those in attendance. After electing Rev. McQuarrie permanent chairman and an advertising committee composed of Stanley Kitching, A. T. Hogarth, C. W. McPherson, H. W. Bessey and W. M. Ehrhart, further organization was deferred till next September when Mr. McQuarrie will return from the north with perfect plans.

A PRETTY WEDDING WEDNESDAY EVENING

Quite a pretty wedding was solemnized Wednesday evening at 8 o'clock, at the home of the bride's mother, Mrs. Mattie A. Saxon, in the northern part of Fort Pierce, the contracting parties being Miss Mabel Darreth Saxon to Mr. Benjamin E. Jaudon, son of Mrs. W. D. Edwards, of Jensen.

Twenty of the relatives and friends were present, and at the appointed hour the happy couple, led by little Miss Doris Wilson, as flower girl, and Will H. Jaudon, brother of the groom, as best man, and Mrs. G. H. Rousseau, sister of the bride, as bride's maid, came down stairs to strains of Lohengrin's wedding march, executed by Mr. Herbert Vanlandingham, and took position under a wedding bell arranged in corner of the parlor. Here they were met by Rev. J. S. Chapman, who, during the soft strains of "Hearts and Flowers," read the beautiful ring service of the Methodist church that made them man and wife.

The bride was attired in a charming costume of white silk, carrying a bouquet of bride's roses, while the groom wore the conventional black.

After congratulations and best wishes the guests were served with several kinds of cake and most delicious fruit punch.

The parlor and dining room were beautifully decorated, the color scheme being green and white.

Many beautiful and useful presents, attesting the esteem in which the young couple are held, were on display.

THE TRIBUNE staff, among whom the bride has been numbered for the past two years, join in extending congratulations and best wishes for a long and useful life.

Mr. and Mrs. Jaudon are at home in the new Totton cottage on High street.

THE TRIBUNE mailing clerk has completed the sending out of bills to all delinquent subscribers. The amount is very small to each subscriber, but the aggregate amounts to considerable to us, and we trust remittances will be prompt.

The attention of our readers is called to the change in ads of P. P. Cobb, W. J. Nesbitt, The St. Lucie Drug Store and Fee & Stewart Co. All are offering some special attractions to the people of St. Lucie county.

Don't forget, the W. C. T. U. will meet every Monday afternoon at 3 o'clock at the Improvement Club hall. All members are urged to be present.

WALTON.

Mr. and Mrs. K. E. Schuyler were in Jensen Saturday.

Mr. Moffett, father of Mrs. Webster, who has been dangerously ill, is on the rapid gain in health, and says he shall return to Walton for the winter.

Edgar Lewis, of Eldred, representative of Independent fertilizer company of Jacksonville, was making a house to house canvas, in the interest of that firm, Tuesday.

H. U. Bonnet accompanied B. F. Bailey to Jacksonville Sunday. The latter will continue on to Zanesville, Ohio, while the former will return to Walton on or about the 30th.

Miss Emerson formerly of Fort Pierce, but now of Jacksonville, is the guest of Mrs. W. H. Harris. On the evening of her arrival (Monday) Mrs. Harris invited several of the "Younger Set" to join the home party for a little diversion. The invitations were extended to Mr. and Mrs. K. E. Schuyler, Misses Sawyer and Waters, W. H. Lennard and the Waters Bros.

The surveyors in the employ of the Franklin Land Co. organized by the Albert Fendig Co., Brunswick, Ga., and Jacksonville, Fla. arrived here and will begin work immediately by laying out roads and planning position of the structure that is to bridge the savannah. After this is accomplished the work will continue so that the property designated as the St. Lucie Garden of Indian River shall be placed on the market as soon as possible.

On Tuesday afternoon the membership as far as possible of the W. C. C. met in solemn conclave and decided to disband, there being no building available that could be utilized and leased in the interest of the club. The owner of present premises wishing to rent at greater advantages. The foregoing step was taken, and as soon as the "household efforts" can be disposed of the famous W. C. C. will cease to exist. Saturday p. m. at 2 o'clock the public will have an opportunity to purchase at auction any or all articles remaining, consisting of chairs, tables, lamps, china, glass, silver, oil stove and various other articles. The piano will be sold at private sale.

One of Walton's prominent juveniles is the owner of a fine new shot gun, and in order to be on the safe side in manipulating same, took the gun across the railroad track. A group of people driving down Main street towards the river were duly surprised that something was wrong when one of the ladies gave an ear splitting shriek, announcing in that manner that some gun had either been fired in a natural way or exploded. The gentleman accompanying her did not let the grass grow under his feet as he went in search of the supposed miscreant. Reaching the crest of the hill he demanded and with not very choice language "who fired that gun" and was surprised to find said gun in the hands of its youthful owner. Whether apologies were in order, is not told by the observer. The inebriated and irate gentleman returned to his waiting vehicle and drove towards home. To say the least the event was a most singular one.

FLORIDA's political prognosticator, Gen. E. M. Law, of Bartow, has been requested to forecast results two years hence. One case in which the East Coast is particularly interested is as follows: "In regard to who will succeed Frank Clark, we only feel sure of one thing; that he will not succeed himself. Hon. F. M. Hudson, of Miami, Hon. Nat. Bryan, of Jacksonville, and one or two others we could name, can beat him and one of them will do it two years hence."
